Below are explanations of some of the fields on the first page of this form.

Reservation #: Included in your booking confirmation email. Also printed on your invoice as your "Customer #".

Final Payment: The amount due for your reservation minus the prepaid deposit (and any other partial payments). For most packages, the final payment due date is 75 days prior to departure. The due date for your package will be shown when you book online and in your booking confirmation email. If you are booking a package close to the departure date (usually one that departs in less than 75 days), your final payment may be due within 72 hours.

Travel Insurance: We offer a comprehensive travel insurance policy for all travelers on our tours & packages. Our policy may be purchased with your final payment or anytime before, but is not available after we receive your final payment. Once purchased, the policy is non-refundable. For complete policy pricing and details, see www.friendlyplanet.com/travel-insurance/.

Optional Excursions: Many of our tours & packages feature optional discounted excursion packages to popular sites. Please see the tour or package page to find out if an optional excursion package is available for pre-purchase. (Some optional excursions may only be purchased at your destination, and these are noted on the package page.) To purchase an optional excursion package, add the package cost for each traveler in your party who wishes to take the package to your final payment.

Security code: A 3- or 4-digit number on your credit card which is not part of the credit card number. The number appears only on the credit card itself (not on receipts or statements), so provides some assurance that the physical card is in the possession of the buyer and reduces the chance of fraudulent card use. For Visa, MasterCard, and Discover Card, the code is the last 3 digits of the number printed on the back of the credit card in the signature field. For American Express, it is the 4 digit number printed on the right side above the imprinted card number on the front of the credit card.
